

SPECIFICATION:

Voltage	: 415 V \pm 10%
Frequency	: 50 Hz \pm 5%
Combined Variation	: \pm 10%
Insulation	: F
Duty	: S1 (Continuous)
Factor of Inertia	: 2
Mounting	: IM 1001, 1002
Protection	: IP55.
Cooling	: IC 0141
Ambient	: 45 ^o C
Gas Group *	: IIA, IIB
Hazardous Area	: Zone I / Division I

Note : * Motors suitable for gas group I, IIA, IIB can be supplied against specific requirements.

WE CAN ALSO SUPPLY :

- Right hand side terminal box position for 90 to 225 frames.
- Conical type wiping brass cable gland for gas group I.
- Supply voltages 220/380/400/440/660.
- Supply frequency 60 Hz
- Thermistor & space heater for frame size, 180 & above.
- Double compression cable glands.
- Motors to suit customised duty cycle.
